The 1st Annual Northern BC Safety Conference Prince George – CN Centre Kin 1 – May 30, 2015

Plans are well underway for the 1st annual Northern BC Safety Conference. Building on the success of the Vancouver Island Safety Conference which sees over 400 attendees at the annual event, the forest industry is working to build a similar event in Northern BC. This conference will bring the latest health and safety information to workers and supervisors in the forest industry. This year's conference will address how fatigue affects the brain, legal responsibilities for incident investigations, distracted driving, young worker safety and more.

The conference's goal is to bring together hundreds of participants including contractors and workers from every phase of the forest industry. This conference will provide practical information and tools for workers, supervisors, managers, or owner-operators, to help better understand and resolve safety challenges in the industry.

This event is being held in partnership with the Canada North Resource Expo which is being held on May 29 and 30, also at the CN Centre.

The conference steering committee is made up of representatives from Industry, the BC Forest Safety Council and WorkSafeBC (see participants listed on sidebar at left). On behalf of the steering committee, I would like to ask you to partner with us in sponsoring this conference.

This conference will be free of charge for the participants. In order to do this, we will be relying on the generous support of sponsors like you. The core funding necessary to secure the meeting space and catering has already been committed by the BC Forest Safety Council. Ultimately this is not our conference. It's yours, and your help is needed.

One of the steering committee members will be contacting you shortly to confirm your contribution. If you have any questions, please do not hesitate to give me a call. I'll see you at the Northern BC Safety Conference this May.

On behalf of the steering committee,

Reynold Hert
CEO, BC Forest Safety Council
