Total occupational disease	87	66	84	88	99	424
Percentage of total work-related death claims	55%	50%	60%	58%	61%	57%

- 1 Preliminary statistics as of February 28, 2022.
- 2 Four work-related deaths are counted in deposit class subsectors.
- 3 A count of -1 represents a change in subsector for a given claim, where the -1 records the removal of the claim from the old subsector and a corresponding +1 is recorded in the new subsector.
- 4 Single-incident work-related death claims are primarily coded based on incident location.
