Lead the Way – Resiliency, Opportunity, Engagement

The 15th Annual Vancouver Island Safety Conference Vancouver Island Conference Centre, October 29, 2022

Plans are well underway for the 15th annual Vancouver Island Safety Conference. Join us in learning new ways to succeed in evolving workplaces in forestry and manufacturing operations.

The conference will provide practical information and tools to more than 400 participants including contractors from every phase of the forest industry, health and safety committee members, employers, union representatives, worker representatives, policy makers, and industry leaders.

The conference steering committee is made up of representatives from Labour, Industry, the BC Forest Safety Council (BCFSC) and WorkSafeBC. On behalf of the steering committee, I would like to ask you to consider partnering with us in sponsoring this conference which is provided at no cost to participants. Donations of silent auction items are also appreciated. All funds raised by the auction will go to non-profit organizations.

With industry's generous support we have been successful in maintaining this as a free safety conference for the past 14 years. Without your support, the event would not be possible.

One of the steering committee members will be contacting you shortly to discuss your support. If you have any questions, please do not hesitate to give me a call, or any of the committee members. I look forward to seeing you at the Vancouver Island Safety Conference this October.

If the Conference should be cancelled due to Public Health Orders or any unforeseen circumstance, we will be happy to refund your Sponsorship.

On behalf of the steering committee,

Rob Moonen
CEO, BC Forest Safety Council
