- The person supervising a trainee must evaluate the trainee's work on a weekly basis and keep records of all inspections.
- A minimum of 20 approved reports within a 2 year time period is required by BCFSC. The total reports must indicate that a minimum of 90 days of training took place and that it was in a forestry/production type setting.
 - The last 5 reports MUST indicate the trainee worked on and is consistently meeting ALL parts of the BCFTS.
 - After having 20 approved training reports on file, the trainee may request that their trainer complete the Supervisor/Trainer Declaration on page 4 indicating that the trainee is ready to challenge for faller certification.
 - The BCFSC will arrange a minimum of 3 quality assurance visits during the training. These visits are intended to monitor training progression and offer support as needed to the trainer and trainee.
 - The reports are to be completed by the BCFSC trainer, signed, and dated and by both the trainer and trainee.
 - Submitted incomplete reports may be returned for correction or possibly disqualified, at the discretion of the BCFSC verifier.
 - Only fallers certified with the BCFSC are permitted to complete and sign the report as the trainer.
 - Training reports must be submitted to the BCFSC within 2 months of the work taking place or will not be accepted.

A copy of completed weekly reports can be submitted to the BC Forest Safety Council by either:
